A. Budget Review and Project Update – Cameron Brown

Mr. Brown informed the Committee that there were no expenditures to report since the last meeting in April as there are currently no projects identified, leaving the remaining balance in Measure R “Mod 2” at approximately \$2.7 million. Member John Walsh asked how this remaining amount can be used. Mr. Brown stated that the funds may only be used on items specified in the bond language. Chairperson Rendler asked if the “Mod 2” budgets for each school site had been spread out evenly. Mr. Brown replied that the budgets for each site had been based upon needs, not specific dollar amounts. Chairperson Rendler inquired if the remaining bond funds would need to be returned to the tax payers at any point, Member John Walsh replied that the bond funds and Committee will exist until all funds are expended. Dr. Mason informed the members that at this time the Board of Education would like to keep the bond funds available for future projects that may be needed to improve the schools; he also noted that we have separate maintenance funds for school upkeep.

IV. For the Good of the Order/Member Comments
